

Submitter: Erik Wright

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

Elected officials,

This bill is a waste of time and money. The FFL process is already very thorough. This is a complete duplication of the ATF. This is also an example of undue fees and restrictions on a lawful business. Persons already need to pass a background check to acquire a firearm. Dealers the same. They need to follow all state laws as well, or risk losing their FFL. This bill is just as, if not MORE moronic than 114 is/was. It duplicates many things, and what is new is blatantly federally unconstitutional. Please quit wasting my tax dollars and do something to actually help the homeless, the mentally ill, the addicted, and those on the brink of homelessness due to reckless policy and spending.

Erik
