

Submitter: Josiah Woods
On Behalf Of: FFL dealers in Oregon
Committee: House Committee On Judiciary
Measure, Appointment or Topic: HB3076

HB3076 is a bill that lacks common sense. It will not reduce gun crime. The bill does not impact criminals & their access to legal/illegal firearms. The bill negatively impacts Oregon FFL dealers and their income to support their families. It negatively impacts those who are low-income in creating unnecessary added fees and taxes. HB3076 is merely another jab at responsible, law-abiding the gun-owners of the United States.
