

Submitter: Richard Harden
On Behalf Of: Myself and the people of the state of Oregon
Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water
Measure, Appointment or Topic: HB3856

The people of the state are taxed enough. The representatives of this state had better start representing their constituency and start spending the taxes they already receive wisely or they will assuredly lose their position to represent. Any new taxes will be hard on every person in this state. The majority of the country has already shown their displeasure with government. Don't for one moment think the minds of Oregon voters. You and your Vote to impose an additional tax on people will do damage to the people across the board. Please do not inflict more pain in people's life's Vote no to more taxes. The people will appreciate it. Thank you.
