

Submitter:

Chris R.-L.

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB3755

Do not mortgage my child's future to subsidize those who already receive federal and state subsidies. The school system is funded by property taxes, and they're already severely underfunded. Our elders need support and care but not at the expense of those whose lives are just starting and receive little to no support from the state as it is.
