I am writing in support of HB 3076.

It is appalling that we allow gun dealers to operate with such little regulations; once a decade is appalling. The ATF is not able to do their job and it is the state's job to fix this.

When all other industries are inspected more frequently and with more scrutiny, we must start to enforce the deadliest industry and that it is held accountable to higher standards than it currently is. We should be looking to our neighboring states and modeling systems after them. Our state should NOT be the one where people come to buy guns for our lack of dealer licensing and enforcement. It is embarrassing. Please pass HB 3076 to keep guns and crimes that are linked to them out of our community. We want a safer Oregon and it starts here.
