HB3166

I am having difficulty understanding why HB3166 was even created. The voters clearly stated they wanted no part if this boondoggle and now it's being rammed through. Do you not understand you represent the voters of this State? You are responsible for upholding the will of the voters - not going off on a personal tangent. Li Ely and all of the regular sponsors need to become unemployed immediately since none of them appear to understand their job.
