Measure, Appointment or Topic: HB3076

When will the insanity end !!!! We live in a country established on a Democracy. Not a country run by dictators, rather a government of by the people for the people. Democrats claim to be the champions of small business, yet with this bill you are going to put a lot of honest, hard working people out of business by using your personal beliefs to pass unethical, unnecessary legislation you are only proving that you don't care about right or wrong, That you are going to destroy the 2nd Amendment using whatever means possible. You think you can't be stopped, stop think and stop this legislation.
