Support HB 2960	Testimony of Thomas Karwaki

My name is Thomas Karwaki and I'm a member of: 1) Climate Reality Project Portland Chapter 2) Chair of University Park Neighborhood Association.

I encourage you to support HB 2960.

HB 2960 protects human and environmental health by prohibiting the building or operation of plastic conversion facilities in Oregon. These facilities use pyrolysis (burning) and gasification that are 1) energy intensive and 2) highly polluting of air and water. Such plants will increase Oregon's reliance on fossil fuels.

.

Please protect Oregonians health and futures. Support HB 2960.
