As a current military member of 19 years of the United States Air Force I am looking towards retirement. I am currently an Oregon resident stationed outside of Oregon. I would like to retire and move back to Oregon, but between the property taxes and income tax I would not be able to keep up. These reasons have made me look at other places to retire to that offer the same tax breaks on 70-100% disabled veterans. Such states include Nevada, Texas, Washington to name a few. To entice more veterans to stay or come back to Oregon to retire this would be a step in the right direction.
