

Submitter: Kyle Viestenz

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

I oppose HB 3076 because it unduly burdens already regulated FFLs whose only choice to stay in business will be to pass all the costs to the consumer, further burdening law-abiding Oregonians already attacked by proposed HB 3075. This legislation will most certainly cause FFLs to go out of business, impacting jobs and the economy. It further burdens state police who will be already overwhelmed with the proposed HB 3075 permit-to-purchase applications, essentially freezing up any ability for law-abiding Oregonians to exercise their constitutionally protected rights. I urge all legislators not to pass this bill.
