Measure, Appointment or Topic: SB1076

This legislation that requires inspection and licensing of ANY bird, cat, dog, or small mammal BREEDER is onerous, impractical, and will make getting a well bred dog impossible in Oregon.

I have a service dog. Without him I could not survive. I looked for a breeder with excellent pedigrees, health clearances, vet care, training, working history, and Puppy Culture, and found the breeder in Corvallis. One time litter, bred specifically for optimum health. My dog is amazing.

Please do not ax the animal world. Many breeders are very careful and invest everything into just one or two litters in their lifetime, in order to further the best characteristics of a breed. Do not deprive those of us looking for a healthy, good temperament tested and proven dog.

Sincerely,  
Leska Emerald Adams
