Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

As a retired law enforcement officer, I do not see a need for this measure as federal law and current state law already ensures that firearm dealers comply with safety and security protocols. This looks to me like a way to raise money without calling it a tax, from law abiding Oregonian's and create more state government overwatch. This does nothing to help protect Oregonian's or ensure that bad actor's cannot get weapons from the black market.
