Senate Committee On Judiciary

Measure, Appointment or Topic:

SB1120

I am familiar with some of the procedures at Coffee Creek having been a volunteer several years ago in the Nursery.

I suggest the following changes to the bill.

Under "access to courts: for in person appearances, define the meaning of "all necessary support in real time and with real people and procedures."

Under Discipline: Consider the effect of "last resort less than 15+ days". This provision should be a disincentive for solitary confinement, as in "maximum of 3 days."

Under support for survivors:

On intake, promptly identify survivors of domestic violence and sexual assault.
