On Behalf Of: Self Advocates Taking Action  
Committee: House Committee On Early Childhood and Human Services  
Measure, Appointment or Topic: HB3835

I'm Yuàn Fengxian and I'm part of SATA Self Advocates Taking Action. I'm here to give written testimony. If you pass HB 385 that will harm youth and children who have complex needs to be committed to a youth facility. We have a history of institutions that were harmful to people with disabilities and they still have that trauma and those who experienced being sent away from society. I don't want you to pass HB 385.
