HB3166

They call this fair voting? Secretary of state should have no legal right to mess with our voting system, or change it in any way. Our voting system should not look like the summer/winter Olympics with a 1st, 2nd, and 3rd place. It's not a competition or a race. It's who is the better candidate to govern our state. People traveled thousands of miles, dying while trying to make it to this great state, and now you want to make it into a place that only cares what the greater populated places think. The voices of the small towns and counties will never be heard if this bill goes through. I oppose this bill 100% and stand by my brothers and sisters who oppose it as well.
