

Submitter: Sarah Sue Lebrun

On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: SB27

I support my daughters with only one income at home. My healthcare premium was cut in half once we started on the healthcare trust plan. The \$0 copay for generic medications has helped me save money to put toward my family that includes groceries, gas, medical bills, etc. As soon as the trust was introduced, everyone wanted to sign up at my work to choose the lower cost premiums. This is a really significant program for people who have families. I believe that healthcare should be affordable for all, especially healthcare workers. I have seen the wellness program, preventive programs, and access to diabetic medications, etc. be lifechanging for people. Please continue this funding for the Essential Workers Healthcare Trust which provides affordable healthcare to essential workers.
