

Submitter: Matthew Payne
On Behalf Of: Morrison Family services
Committee: Senate Committee On Early Childhood and Behavioral Health
Measure, Appointment or Topic: SB1167

I support the passing of this bill. The first 1000 hours of a child's life are critical. Trauma experienced in the first 1000 hours in a child's life can negatively impact a child for a lifetime. It's important that there is funding to support these children.
