

Submitter: Ryan Bronson

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

The Rocky Mountain Elk Foundation depends on small FFL dealers to facilitate firearms transfers at our fundraising banquets, and this legislation appears aimed at driving those businesses out of state or out of business. This will have a negative impact on our conservation fundraising directly, and will be a detriment to Oregon Department of Fish and Wildlife's funding through the Pittman-Robertson tax. Please oppose this legislation, and focus your efforts on criminals rather than law-abiding businesses, hunters and gunowners.
