

Submitter: Vanessa Blackstone
On Behalf Of:
Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or Topic: SB1076

I oppose. I came across this late in the process, but from the cursory review of materials it is incredibly vague and provides very little that existing legislation does not already provide. Enforce current laws, do not create more red tape to appease a small, vocal set of people. I recommend creating a working group of stakeholders that represent the groups impacted by issues on animal breeding and husbandry to create efficient legislation that will do what is intended.

Thank you.
