On Behalf Of:

Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB1120

Since the 1990s, I've volunteered for Amnesty International, writing on behalf of political prisoners around the world. All the negatives at Coffee Creek match the prison conditions in those totalitarian countries.

Shackling women during childbirth is barbaric. Solitary confinement is a form of torture, never to be used as punishment or for administrative convenience. Shame on Oregon for the mess at Coffee Creek. Fix it or shutter it.
