Measure, Appointment or Topic: HB3076

My name is Katie Woodward, and I'm testifying in support of HB 3076. I live in SE Portland in the Sellwood neighborhood, and I'm a volunteer with Moms Demand Action because I want to end gun violence. I believe that it will keep all Oregonians safer if we pass HB 3076 and ensure dealers are securing their inventory against theft, maintaining sales records to aid investigations of gun crimes, and training their employees to look for signs of straw purchasing.

As a mom to two little kids, I want to ensure we live in a state that has reasonable requirements for people selling and buying guns. Firearm dealers can help us prevent our children from being killed by ensuring guns are bought and sold safely. Please pass HB 3076.
