Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

This is not a bill that should pass. I need to remind you of the 2nd Ammendment. We The People have the right to bear arms, and this is heading down even further to Tyranny. I am glad that this will make it up to Kash Patel and the DOJ who is getting cleaned out. DOGE IS HEADING YOUR WAY. AND Oregon will be cleaned up.
