

Submitter: Ralph Newton

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

This appears to be an effort to create a new fee stream for Oregon's money hungry democrats, Gun dealers are already licensed as FFL holders and further licensure is simply redundant, needlessly expensive and highly unworkable as an entire bureau will have to be created at the citizen's expense to administer it. I oppose the passage of such a needlessly burdensome piece of legislation.
