

Submitter: Susan Calhoun

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

I oppose. FFL are regulated by the Federal gov. This bill will cause the small dealers who have already gone through a lengthy licensing process through the federal government to go out of business due to unreasonable over regulation by the state of Oregon. This bill does nothing more than attack law abiding citizens and make it more difficult for honest business owners to support themselves. It does nothing for public safety.
