HB3166

Voters in Oregon clearly oppose this measure and it is disingenuous and irresponsible for this legislature to try and back door the same thing through committees. Ranked Choice is itself disingenuous to voters all over the state as it takes their voice away and forces them to vote for candidates they do not support in the first place. This state is more than the will of 3 cities, and embodies the backbone of our commerce...agricultural, manufacturing, services, tech, forestry, ranching. and more. The government and all the cities who are struggling to manage their own budgets should NOT be able to take my voice away. Do your job and build our state, not just find ways to consolidate money and power.
