House Committee On Judiciary

Measure, Appointment or Topic:

HB3076

The State of Oregon doesn't need to get involved in licensing/regulating firearms dealers, that's the duty of the federal ATF agency. Money to conduct a study should be used in many areas where the State of Oregon has budget shortfalls. Save money legislators, use money wisely, don't spend more on studies that would result in duplicating what ATF is already doing. Thanks!
