I strongly support SB 1006, the Separation of Powers measure reinforces the original intent of the OR Constitution. Only legislators are permitted to create laws after debating the pros and cons of a bill. Too often, unaccountable state agencies create regulations which are treated as statutes. Such "statutes" bypass the intended legislative process which eliminates the role of not only the legislators in debate but also the role of the voter to give input to their duly elected legislator. Statutes created via regulation deny voters' representation.

Please Vote YES on SB 1006!

Thank you!
