This is an unneeded bill. This bill is redundant. This bill further causes Oregon FFL's to pay a large 'fee' to sell firearms. This bill does nothing but put another burden on DOJ. They will not be able to inspect all FFL's as instructed. The federal licensing is plenty enough and has worked well in Oregon.

This bill will further make it harder for LAW abiding citizens and LAW abiding gun dealers to buy and sell guns.

Another way for the State of Oregon to keep LAW abiding citizens from their 2nd Amendment Rights!
