RE: School Funding

To Whom It May Concern:

The governor has proposed funding the State School Fund at 11.36 billion. This may be an increase but it is far from adequate. Both my kids went to Portland Public Schools and my daughter teaches at a PPS High School. We need to fully fund our schools. Please increase funding for Special Education and fund the schools so that they are not faced with cutting over 200 positions. This is not acceptable for our kids.
