

Submitter: Sean Connolly

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB3755

I support HB 3755.

This is a needed approach to lower the tax burden for seniors who are least able to absorb the increasingly frequent property tax increases sought by all levels of government. This is a needed step in relieving senior Oregon citizens of tax burdens which can lead to their loss of homes. Thank you for your consideration.
