Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SJR28

I am delighted that my local reps/senators are behind this important bill. It will require our state to do a better job to prevent environmental threats to the health and safety of Oregonians, not waiting until disaster comes and is too costly to fix. We all say: Health is everything! So let's act on that, and keep our populace from experiencing the worst of environmental degradation.

Please remember that preventing a problem is cheaper--and kinder--than trying to fix it. Vote in favor of SJR 28.
