

Submitter:	Susan Haywood
On Behalf Of:	
Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	SB1153

Taking care of our fresh water and of our salmon should be on all of our minds.
These are our natural resources to defend and protect.

Being good stewards of our forests and waterways will help our remarkable natural settings to continue on, cleaning our water and nourishing biodiversity. The Indigenous citizens of Oregon need to be involved because they are the wisest stewards of the earth. With their help, let's protect our water. habitats, and features that capture carbon in our biomes.
