

Submitter: Richard Miner

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB703

We are a country dedicated to doing the right thing at the right time. People who have come to our country seeking protection or relief that is unavailable in their own countries should be supported to help them stay in the United States. Even those people that have entered our country without proper documentation deserve our support, and we as morally sound individuals should give them the help they need.
