

Submitter: Kevin Gibson

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

I am a gun owner and Oregon native. I've lived here my whole life. I've purchased firearms from local businesses since the time that I could legally purchase firearms. I firmly believe that imposing a tax would increase the already tremendous pressure on the local businesses that have seen so much struggle in the last half decade. I implore you wholeheartedly to please reconsider your stance on enacting this bill.
