

Submitter: Tony Helbling

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: SB792

I oppose SB 792 and urge you to do the same.

Government should NEVER be able to automatically increase taxes (called a fees in this bill). Citizens don't get to vote for State employees that would be empowered to set and raise taxes (fees). We only get to vote for our legislators. Only legislators should establish, increase or decrease taxes (fees) as a matter of legislation, not delegation. Never should that power be delegated to un-elected department bureaucrats. Supporting and/or approving this bill is supporting taxation without representation.

Again, I urge you to oppose this legislation.

Tony Helbling
