

Submitter: Teresa Fjeld  
On Behalf Of:  
Committee: House Committee On Judiciary  
Measure, Appointment or Topic: HB3076

I am opposed to HB 3076 as this is another way for Oregon to put another roadblock for gun dealers and another tactic for the State to take our legal rights to bare arms as is our Constitutional Second Amendment.

Oregon has enough laws on ownership of guns and this is another reach to take guns away from every resident residing within our State of Oregon!

I am also opposed to the passage of this HB 3076 as gun dealers are already under strict guidelines of selling out of a gun shop or as a gun dealer to the public. This does nothing more but add more beauracratc red tape to the facts stated above.

I am personally not a gun owner, but do believe it is every citizens right to own and possess guns. They have a conceal weapons permit to keep a gun on their person. They have been trained, taken a test and passed, paid another fee to get their permit. They have every right to own a gun to hunt deer, elk, bear and duck, pheasants as they pay to the state for the liscense to hunt, then a tag to hunt those animals.

I also oppose the passage of HB 3076 as there are far more hardworking Americans legally owning and possessing guns thane the criminals who have guns.

Unfortunately the criminal element will always use guns to harm, mame, or kill others when committing their illegal crime. They should be caught arrested and prosecuted to serve harsher prison terms. The legal gun owners which are the majority within the State of Oregon. Do not need more regulation, more fees, or more red tape to enjoy shooting at the shooting range, hunting an animal to provide meat for their family dinner table, and also to knowing they have protection if an intruder or a criminal comes into their home with intention to rob or cause the homeowner or his family personal harm. This is my right as a legal American born citizen!

Thank you,
