

Submitter:	Barb Shamet
On Behalf Of:	Oregon rivers and wildlife
Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	SB1153

Please protect all that is within your power, our natural environment has suffered intolerable losses over the decades from over use of natural resources which has contributed to the detriment of our fish runs, our air and water quality as well as created devastating and costly flooding and habitat loss. This is NOW the time to curb greedy overuse of lands and resources, if Oregon is to remain the cherished state she became on Valentine's Day a very long time ago, it is up to us to protect her and her abundant beauty, Thanks for your work, you can bet we will be watching and hoping you use your position to protect not destroy our State, thanks, Barb Shamet
