

Submitter: Lorinda Roslund
On Behalf Of: Jude Roslund
Committee: House Committee On Revenue
Measure, Appointment or Topic: HB3329

Thanks to productions in Oregon, my son has been able to open a Roth IRA in preparation for retirement. We know the best financial outcomes happen when invested early. This would not have been possible without the commercial/film industry since he's a minor. Please support proper incentives in Oregon to draw more productions locally to create more jobs for our citizens that bring them opportunities they otherwise wouldn't have. Thank you.
