Letter is support of House Concurrent Resolution 30

I give my warmest support to HCR 30. The Atiyeh family has embraced Timberline Lodge since my Grandparents George and Linda Atiyeh attended President Roosevelt's on-site dedication September 28, 1933.

My father, Oregon Governor Victor Atiyeh would often escort guests to the lodge, as so many Oregonians do today. We are all proud to show off this Oregon treasure

As a teenager learning to ski with early equipment, I appreciated taking an indoor break from the weather and venture inside the lodge to warm up at a festive fireplace. In later years as the Chief Development Officer for the non-profit Restore Oregon, I pointed out the importance of saving historic places such as Timberline Lodge.

Friends of Timberline deserves to be congratulated for advocating the preservation and protection of our historic mountain lodge.

Sincerely,

Tom
