

Submitter: Christina Forton

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

Dear Members of the Oregon State Legislature,
Given the redundancy of this proposed state program with the established federal process and the lack of a fiscal impact analysis, I strongly urge you to oppose HB3076. Introducing a new state-level licensing requirement would only create unnecessary burdens on both business owners and taxpayers without contributing meaningfully to public safety.

Thank you for considering my testimony.
Christina Forton, Mother of Four
