Committee:

Senate Committee On Human Services

Measure, Appointment or Topic:

SB611

Dear Committee Members:

I know that this need is great in the communities of our state, however I believe there is no need to expand on what is already in place for residents of our state to include those who reside here but have immigration issues. It is not that I am without compassion for those whose legal immigration status is yet to be determined. There are resources already in place for this people group that they can access, such as: food banks, churches that have food donated to them and they in turn distribute them to those in need there are also private donations, corporate donations and several other charities that help fill this need. Therefore, there is no need to expand on what currently exists to include this select group of people. Additionally, I don't see how such an expansion can happen without raising taxes.

Thank you for your time and I ask you to vote NO
