

Submitter: Terry Miller

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

I strongly oppose this measure because very few gunsmiths and dealers will be able to afford to implement all that is required to stay in business! Our state gun dealers are not just passing out guns to whoever wants one it's already a very regulated procedure. Please let's use common sense and not destroy these businesses in our state.

Thank you

Terry Miller
