

Submitter:	Joe Ferguson
On Behalf Of:	The fishing public
Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	SB1153

I urge the passage of SB 1153. Making changes during transfer of a water right can potentially have significant negative impacts on increasingly fragile public assets: clean water, and stream habitat. There is no reason to allow such damage to occur, it can have long-term impact, and somebody needs to be watching out for the public's interest.
