Committee members,

As a lifelong resident of Oregon I vehemently oppose this bill as it's one more attack on our rights.

With international terrorist organizations operating inside the United States as well as Chinese national men of military age spying on our military installations, it seems very unwise to disarm your fellow Oregonians. Unless of course the Oregon democrats are in support of Tren de Aragua, MS-13, and the CCP. Maybe the Oregon democrats are being funded by the Chinese communist party. After all the democrats have done to destroy this once beautiful state, that would come as no surprise to me.

Most normal people have compassion for victims of violence regardless of the cause but this "bill" attempts to justify the removal of constitutional rights from people who have NOTHING TO DO with the victimization of others. There is no logic to support the idea that one class of people should give up their rights because ANOTHER PERSON committed a crime. That seems really twisted not to mention completely ludicrous.

You democrats need to cease with your unlawful attempts to separate your fellow citizens from their constitutional rights. What's next demos, are you going to remove our 1st amendment rights as well? Why is it so difficult to uphold your oath of office and defend the rights of your fellow Oregonians?
