My name is Tim Fuller, I live in Yamhill County. I'm a pick up and delivery driver in the Portland Metro area. My job was not shut down due to Covid Pandemic. But during The Summer of Love in 2020 I was afraid to drive to Portland. So I purchased a 9mm semi automatic pistol (legally) got my Concealed Carry (legally) and carry daily.

Best case scenario, it will never leave the holster. Better to have it and never need it, than to need it and not have it.

But my pistol has a 14 round magazine. Being just a driver, I can't afford another pistol. But this Bill will make me an automatic felon.

This isn't fair to Law Abiding Citizens. And in my opinion, it won't change a thing for Criminals.

The whole reason why I carry in Portland.
