

Submitter:	Linda Middlekauff
On Behalf Of:	Self
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SJR1

I strongly support HJR 1, the Property Tax Relief for Seniors bill. Most seniors still living in their homes have worked hard for many years to pay off their mortgage but due to fixed incomes at this stage of life, are burdened by ever-increasing property taxes. This has resulted in many being "forced" to sell well before their need to do so for other reasons, or worse, going without necessities.

Please vote YES on HJR 1!

Thank you!
