

Submitter: Lisa Frangente

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or
Topic: SB1153

It is imperative for the health of our waterways and food sources that any and all changes require a thorough environmental review.

We must put protections in place in each and every instance!

We all benefit from strong regulations, vs the greedy few who push to monetize our natural resources for their own pockets .

Thank you
