

Submitter: John Elliott

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

I oppose HB 3076 because it will cause an undue burden on FFL's, Firearms retailers and upon the Citizens in the form of fees and taxes. As more and more FFL's and Firearms retailers go out of business, due the financial burden, a Black Market will grow in the place of a lawful and well established method to purchase firearms.
