

Submitter: Ian Beveridge

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

I oppose this bill. Firearms dealers are regulated and licensed Federally and do not need or require state interference. This is well out of the State's control, will cause the loss of FFL based businesses and in turn create a strong black market for gun trading and sales which we strongly do not need. Leave legal businesses alone.
