

TESTIMONY RELATED TO SENATE BILL 1000

FROM: JOHN A BRIGGS OF NORTH BEND, OR

I reside in the Bay Area Hospital District located in Coos Bay, OR.

This bill is intended to provide funds to the Hospital for costs associated with the lease/sale of a taxpayer controlled entity to a private equity firm named Quorum Health.

The transaction between the Hospital and Quorum will become effective upon signing of documents prior to June 30, 2025.

I would request that the bill be amended to prevent payment of \$10,000,000 if the transaction with Quorum Health occurs either before or after July 1, 2025.

If an amendment can not be added, I am opposed to SB 1000.
